**FUND**

Here at Saint Louis Covenant School, we are committed to providing our students with the best education possible, equipping them with the skills they will need in the future. We are excited about the possibilities these spaces offer our students, but we need your support to make it happen\*. Our goal is to give our students every opportunity to succeed and thrive in order to become tomorrow's innovators, leaders, and Saints. All for HIS glory!

## **PENDING PROJECTS:**

- **Pre-School Playground**
  - A new play space for our students in Pre-K 2 thru Pre-K 4 which will include a safer and larger area with new and interactive playground equipment, brightly colored turf with a built-in bike path, new gates/fencing, and easier & safer access to the new space.
  - Approximate Cost: \$250,000
  
- **Media Center – “Innovation Center”**
  - Upgrade our Media Center into a dynamic, flexible, and multi-purpose space that we envision calling the Innovation Center. The new space will allow the space to quickly transform to accommodate a variety of activities, from quiet study areas to larger group discussions and presentations.
  - Approximate Cost: \$35,000
  
- **S.T.R.E.A.M Lab**
  - Transform our science lab into state-of-the-art S.T.R.E.A.M. Lab (Science, Technology, Religion, Engineering, Arts, and Mathematics). A S.T.R.E.A.M. lab will introduce modern equipment and resources, including 3D printers, robotics kits, coding software, and the necessary supplies that will allow students to apply their knowledge in innovative ways.
  - Approximate Cost: \$ 55,000
  
- **Athletics Field Upgrade**
  - Advanced turf or grass surfaces to ensure the field remains in good condition throughout the year.
  - Improved drainage systems to reduce injury risks and provide safer conditions for athletes.
  - Approximate Cost: \$200,000

**THANK YOU for being a part of our future!**
